

**Trusted by professionals
around the world**

CERTIFIED • OEM QUALITY • RELIABILITY

WATER PUMPS

**Full line of *Import* and
Domestic water pumps**

- Case hardened bearings
- Precision CNC machined surfaces
- The leader in metal impeller integration
- All gaskets included

**Designed, tested
and inspected
in the USA**

MAX COOLING KITS • TIMING BELT KITS • WATER PUMPS • FUEL PUMPS • FAN CLUTCHES

WATER PUMPS

Benefits of case hardened bearings

- Long life
- High load capacity
- Tough on the outside and flexible on the inside
- Can better withstand an imbalance or vibration in the cooling system

Benefits of precision CNC machined surfaces

- Guaranteed fitment with mating components
- Inspected and tested to ISO9001:2015 standards
- Prevents leaks

Benefits of metal impellers

- Withstands high temperatures
- Withstands chemicals
- Performs at high RPMs
- Will not deform
- Withstands high torque forces
- Will not shatter
- Will not crack during press fit
- Highly durable
- Better for transits and storage
- Withstands variables in high mileage engines

More cooling power...

Timing kit with water pump

Our one SKU kits offer a complete solution that combines the water pump, timing belt, tensioners and idler pulleys to restore the system back to its original OEM specifications.

Max cooling kit

By providing a kit that replaces both fan clutch and water pump you reduce the need for upsells and returns because of premature failure of a new part.
