MAX COOLING KITS

*Do the job once,
do the job right!*

One SKU not only restores cooling power, it can also **BOOST SALES** and improve customer relations

By providing a kit that replaces both fan clutch and water pump you reduce the need for upsells and returns because of premature failure of a new part. This not only helps save time and labor it also builds trust between distributors, installers and customers.

Kits include all gaskets and applicable hardware for both components.

Designed, tested
and inspected
