# TIMING KIT WITH WATER PUMP

## Do the job once, do the job right!

Kits include all the parts necessary for a complete job done right! Replacing all the timing belt system components and water pump at the same time assures the entire system will operate and perform correctly and to the OEM specifications. Our kits provide all the components designed to work and fit together to the optimum conditions. By combining these components into one kit you and your customers save time, increase sales and decrease potential returns.

## HUNDREDS OF SKU'S FOR THE LATEST IMPORT AND DOMESTIC MAKES & MODELS

### NEW USMW PRO SERIES WATER PUMP

- Case hardened bearings
- Precision machined surface
- Metal impeller integration

### HIGH QUALITY OE REPLACEMENT TENSIONERS

- Designed and built to OE specifications
- Manufactured with long-life bearings

### OE MANUFACTURED TIMING BELT

- Manufactured to OE specifications
- Guarantees quality
- Designed for exact fitment
- Allows worry-free installation and operation

## More Cooling Power...

### Fan Clutches

Don't forget to replace your fan clutch when replacing your water pump.

### Max Cooling Kits

By providing a kit that replaces both fan clutch and water pump you reduce the need for upsells and returns because of premature failure of a new part.
